Congressional Candidate Jones and the Liquor Problem

I will make my stand clear during the next three weeks. Suffice it to say: THE TRINITY OF HEAVEN IS THE FATHER, THE SON, and the HOLY GHOST. THE TRINITY OF HELL IS LIQUOR, GAMBLING and PROSTITUTION. To some extent a person is what he or she eats and DRINKS. Many young people drink LIQUOR COCKTAILS regularly and are becoming regular COCKTAILS. I request invitations from church and social welfare groups to speak to them—large or small groups, any time, any place. They designate WEAVER H. JONES, REPUBLICAN WHITE-IN-CANDIDATE FOR CONGRESS AGAINST New Deal Democrat Cecil King. Address me at Torrance or PHONE Mrs. Calvin Grey, 378.

Club Juniors Report Evening Meet, Plan Forthcoming Activities

That the blind should be judged as individuals and not as a group was a point stressed by Mrs. Anthony Septinelli, vocational director of the Braille Institute of America, when she addressed members of the Torrance Junior Woman's club last Wednesday evening. Mrs. Septinelli was introduced by her blind husband who is the Director of Service for the Blind, Bureau of Vocational Rehabilitation Service, California State Department of Education. The Braille Institute, located at 741 N. Vermont ave. in Los Angeles, provides many and varied free services to the blind of Southern California, Southern Nevada and Arizona. Approximately 440 blind people attend classes in handicraft, poetry, dancing, sewing, cooking, music, current topics, zoology, writing and other vocational helps. 700 are on the waiting list. Instructors are well educated and trained for their jobs. Transportation for the blind to and from the Institute is provided by drivers from the A.W.V.S., and at the present there is a great need for more drivers who are willing to give their time for this service. All drivers are protected by insurance from the time they leave their homes until they return. Plans have been drawn up for new buildings to be erected on recently purchased land adjoining the present location, and construction will begin as soon as funds are available. Groups are needed to sponsor rooms for the new buildings.

After the talk by Mrs. Septinelli, a musical program was provided by Mrs. Ruby Helwig, blind musician, who was an especially talented whistler and piano soloist. Her selections included "Rustle of Spring," "Robin, Robin, Sing Me a Song," "Listen to the Mockingbird," and "The Year's at the Spring."

Mrs. Don C. Moshos was responsible for bringing such an informative and entertaining program before the Juniors.

At the business meeting which followed, presided over by Mrs. H. L. Wagner, the Juniors voted to sponsor a Brownie group for the Fern ave. school if such group can be organized. Mrs. George Bradford announced that it is being delayed because of the lack of leaders and stressed the importance of the work done for girls of the Brownie age.

It was also decided to subscribe for the California Federation News for each member of the club. This monthly magazine carries news of the activities of all Women's clubs and has a page devoted to Junior work.

Mrs. Ralph Rugraff announced that plans are nearing completion for the Costume Halloween party to be given on October 23 in the clubhouse. Members of all Junior Woman's clubs in the Los Angeles district have been invited to attend, and the party promises to be a festive affair.

Winner of the door prize at the close of the meeting was Mrs. J. P. Montague. Her gift was a set of eight var-colored beverage glasses.

REBUILD? FOR HOW MUCH?

It was a fine plant; and it cost a pretty penny! But it would cost twice as much to build now. So the accident which burned it out was an inflationary gremlin! Too bad the owner didn't have it properly insured to cover his major loss! How about you?

Brother is shining — and sister is neat
The dishes cause never a worry
For speeding your housework — you simply can't beat
Hot water galore — in a hurry

ARE YOU A HOT WATER WORRIER? Do you wonder about washing a while Junior showers and Father shaves? Then unfurrow your brow. Let a modern, automatic gas water heater of the right size end all that! Right now!

An adequately-sized automatic gas water heater insures hot water a-plenty, oceans of it, for every need in your home — even to the automatic dish washer, automatic washing machine, and other conveniences to come, that demand a greater supply of hot water than ever before.

And an adequate storage tank is a first-economy that's a lasting-economy, too. For a water heater that's really large enough won't be "overworked" — will actually last longer. Consult your dealer or merchant plumber about your hot-water needs. Have ample hot water at your command every instant, and avoid costly replacement by getting the right size automatic gas water heater now!
